

OMNI'S COMPREHENSIVE SECURITY FOR YOUR CHILDCARE CENTRE

Parents entrust you with their most precious assets: their children. In return, you provide a safe, nurturing, and educational environment. But are your security measures as strong as they could be?

Even the most dedicated staff and well-intentioned policies can leave gaps. From managing visitor access to meeting emergency drill requirements, only a professional security audit gives you the complete picture of your centre's vulnerabilities. Our Comprehensive Security Audit for Childcare Centres is designed to give you peace of mind. We help you identify and address risks before they become incidents.

WHY A SECURITY AUDIT IS ESSENTIAL

Childcare centres face unique security challenges. An incident could not only endanger children but also damage your reputation and erode parent trust.

A security audit isn't about finding fault; it's about finding opportunities to strengthen your environment. We provide a fresh, expert perspective on every aspect of your security, including:

- **Physical Security:** We assess fencing, gates, locks, and lighting to ensure both your building and playgrounds are secure. Surveillance systems are reviewed to confirm they provide adequate coverage.
- **Operational Procedures:** From drop-off and pick-up protocols to visitor management, opening/closing checklists, and yard sweeps for hazards, we review your daily routines to ensure they are effective and consistently followed.

- **Emergency Preparedness:** Childcare services are required to conduct emergency drills for every identified risk (fire, flood, intruder) every three months. We check compliance and provide practical recommendations, as many centres struggle to meet this standard.
- **Staff Awareness & Training:** Even the best systems fail without informed staff. We evaluate staff knowledge of security policies and identify areas for refresher or advanced training. We can also provide risk assessment training, helping educators meet obligations around excursions, travel, and high-risk activities.

Our team has direct regulatory investigation experience within the childcare sector, bringing the highest standards of rigour and discretion to every investigation.

EMPLOYMENT SCREENING AND INCIDENT INVESTIGATION SERVICES

PERSONNEL ASSURANCE & BACKGROUND SCREENING

A safe childcare centre depends not only on secure facilities but also on trustworthy staff. Omni's Personnel Assurance Services help you manage people-related risks by validating the suitability of employees and contractors.

We provide discreet and compliant screening services tailored to the childcare environment, including:

- Workforce & Background Checks (aligned with AS4811:2022)
- Working With Children Card verification
- Reference & Identity Checks
- Digital Footprint and Social Media Assessments

All checks are delivered by security-cleared professionals with extensive experience in government, defence, and regulatory investigations. This ensures the highest standards of integrity while giving you confidence your staff are safe, suitable, and aligned with your duty of care.

When an incident occurs, a quick and thorough response is critical. Our Independent Incident Investigation Service provides unbiased, expert analysis to help you understand what happened and prevent it from happening again.

We deliver clear, factual reports with actionable recommendations, minimising disruption while restoring confidence in your operations.

With over a decade of experience and a deep understanding of the Defence industry, we have a proven track record of helping organisations achieve and maintain DISP accreditation.

WE CAN ASSIST WITH

- **Unauthorised Access & Exits:** Whether it's an intruder gaining entry or, more commonly, children exiting unnoticed due to supervision or facility issues (e.g., faulty gates, doors left ajar), we identify root causes and corrective actions.
- **Suspicious Activity:** Investigating reports of concerning or threatening behaviour around your service.
- **Breaches of Confidentiality:** Determining how sensitive information was accessed or leaked.
- **Insider Threats:** Assessing risks from within, whether due to negligence, fatigue, or deliberate misconduct.

THE BENEFITS OF A SECURE CENTRE

By partnering with Omni, you'll be able to:

- **Enhance Child Safety:** Protect children by proactively identifying and mitigating risks.
- **Increase Parent Confidence:** Demonstrate your commitment to safety, supporting trust and enrolment growth.
- **Ensure Regulatory Compliance:** Stay ahead of state and national safety obligations, avoiding penalties and regulator attention.
- **Gain Peace of Mind:** Know your centre is supported by experts with both operational and regulatory experience.
