

## NAVIGATING THE DISP ACCREDITATION PROCESS

# OMNI'S DEFENCE INDUSTRY SECURITY PROGRAM (DISP)

Let us help you navigate the complexities of DISP with confidence and ease for a seamless, integrated, and expert approach to achieving and maintaining DISP accreditation.

The Defence Industry Security Program (DISP) supports Australian businesses in meeting security obligations for Defence tenders, contracts, and projects. DISP membership ensures entities have robust security measures to protect Defence information, assets, and people. DISP membership is multi-level and assesses entities across four key categories:

- Personnel Security
- Physical Security
- Information & Cyber Security
- Security Governance

## WHY CHOOSE US?

We create complete management systems that integrate seamlessly with your existing frameworks, ensuring your DISP system aligns perfectly with your processes and practices.

Our consultants have extensive experience with ISO standards (9001, 14001, 45001, 27001) and deep knowledge of Government and Defence Security Frameworks (PSPF and DSPF).

With over 12 years of supporting the Defence industry, we understand the DISP accreditation process intricately.

Unlike many competitors, we ensure that your DISP system is fully integrated with your existing processes, making it easier to maintain and more effective in practice.

With over a decade of experience and a deep understanding of the Defence industry, we have a proven track record of helping organisations achieve and maintain DISP accreditation.

## OUR PROCESS

1. **Gap Analysis:** Map out DISP requirements and existing frameworks, controls.
2. Supplement, uplift, or integrate with existing processes.
3. Determine the best way to achieve DISP obligations within your budget and capacity.
4. **Risk Assessment:** Identify threats and scenarios relevant to your organisation to frame necessary controls supplemented by our OSINT team.

At the core of this process is DISP itself, which connects your existing frameworks and security controls to strengthen:

- Supply Chain Assurance
  - Protection of Defence Information, Assets and People
  - Delivery of Defence Projects
5. **Training & Workshops:** Engage key stakeholders to gain buy-in and appreciation for DISP membership changes.
  6. Assist with system implementation.
  7. Support the completion of the cyber questionnaire and DISP application forms.
  8. Submit documentation and provide ongoing consultation until accreditation is achieved.
