Omni Executive Pty Ltd

OMNI'S ASSURANCE CAPABILITY

Omni's Assurance capability delivers comprehensive Vetting, Psychological and Protective Security services to government, industry and commercial sectors. These services can be delivered individually or as a complete through life support package.

We have proven experience operating in the most complex and challenging environments and our expertise is trusted to protect and defend critical assets and infrastructure.

We are driven by our desire to collaborate with stakeholders, and to understand their unique requirements, so we can deliver comprehensive and tailored solutions in support of national security outcomes.
