# INDUSTRIES

DEFENCE

NATIONAL SECURITY

CRITICAL INFRASTRUCTURE

## OUR CAPABILITIES

**Omni is trusted, proven and dedicated to delivering solutions in the most complex and demanding environments.**

In an increasingly complex global environment, individuals, businesses and governments face an ever-growing list of threats that generate traditional and nontraditional risks to people, assets, infrastructure, systems, and interests. Omni's breadth of capability, proven experience and trusted approach help to protect individuals, corporations, and governments from those threats.

We have proven experience operating in the most complex and challenging environments around the world. Our expertise is trusted to protect and defend critical assets and infrastructure, with a team dedicated to delivering exceptional outcomes and service for our partners.

## DEFENCE

**Omni works with the Defence industry to support the national interest. We work with our partners to deliver cost-effective and agile solutions across the land, air, maritime, space and cyber domains. Omni offers a range of professional services, including covering all aspects of Defence capability lifecycle management.**

### Omni Delivers

- Defence Industry Security Program (DISP) Uplift – (Universities, Defence suppliers & more).
- Secure Facility Builds (including Sensitive Compartmented Information Facilities (SCIF), Project Management, Technical Integration, & Maintenance.
- Design, Delivery & Maintenance of Secure ICT Systems.
- Professional Program & Project Management & Delivery by Appropriately Cleared & Experienced Staff.

## PROFESSIONAL SERVICES

**Omni is an Australian-owned and operated company delivering innovative, cost-effective professional and technical services to the Australian Government and defence industry. We are a proven and trusted partner, with over 40% of our workforce comprising Australian veterans and the remainder drawn from the national security and law enforcement community.**

**Our Professional Services Divisions provide security-cleared, qualified and experienced specialists who deliver or enhance our clients' capabilities.**

### **Omni Delivers**

- Program and Project Management
- Technical Writing and Documentation
- Business Analysis
- Learning and Development
- Engineering, Software and Systems Engineering, and ICT
- Workforce Planning
- Finance and Costing
- Test and Evaluation
- Integrated Logistics Support
- Training Solutions
- Law Enforcement Support

Omni, our people and our partnerships are guided by our core values of Trust, Respect, Agility and Humility. We are proud of our record of supplying high-quality resources and innovative solutions in support of Australia's national interests.

## NATIONAL SECURITY

**Our mission is to support the Australian Government's national security sector across the five domains with the highest quality, customised solutions in support of the national interest. Our highly qualified teams bring extensive experience in Defence, Policing and Intelligence to our client service offering. Omni is one of Australia's largest vetting firms, operating this service nationally to Government and private sector clients increasingly concerned about the security and integrity of their organisational resourcing.**

### **Omni Delivers**

- Security Clearance, Personnel Vetting Services and Clearance Aftercare
- ISR Aerial Capability
- Portable Network Cell for Emergency Response (PNCER)
- Security Assessments
- Secure Facility Builds
- Training Solutions
- Law Enforcement Support

## CRITICAL INFRASTRUCTURE

**We work on sovereign critical infrastructure projects and with industry to help secure Australia's resilience and ensure critical supplies. Omni has proven experience working nationally in oil and gas, energy, aviation and other sectors in support of Australia's critical infrastructure.**

**Omni is a leader in aircraft maintenance and refurbishment with secure, purpose-built facilities on Australia's East and West coasts. We are a leading provider of maintenance, repair and overhaul (MRO) services, and we are trusted by the largest government agencies, resource sector, and utilities organisations in Australia.**

### **Omni Delivers**

- Fixed Wing, Rotary Wing, & UAV Capabilities
- Pipeline Surveys, Wellhead & Powerline Inspections
- Supply Chain Assurance Reviews
- Disaster Management

## INTELLIGENCE SURVEILLANCE & RECONNAISSANCE (ISR) AERIAL CAPABILITY

### We Capture The Data, You Stay On The Ground

**Omni's Airborne Electro-Optical and Infra-red capability provides video and still images, overlaid with positional data. These images are presented to clients in real-time on any internet connected device or analysed at a later date. This capability is transferable between multiple platforms.**

**Omni offers in-house engineering to fit these capabilities across a fixed wing and rotary wing fleet, as well as other platforms offered by the client.**

### System Features

- Advanced fibre optic gyro stabilisation
- 4-axis gimbal - gyro stabilised
- High-speed fibre optic video data transfer
- No ITAR export restrictions

### Four Sensor System

- Digital Still Imager
- HD Thermographic IR
- 4K/HD Daylight Camera
- Gas Detection Sensor

## PORTABLE NETWORK CELL FOR EMERGENCY RESPONSE (PNCER)

### Communications For When Disaster Strikes

When infrastructure is damaged and mobile phone service is down, Omni's PNCER units equip emergency responders with a temporary communication network.

Omni provides a sovereign, portable cellular network that rapidly establishes connectivity when needed.

During events such as natural disasters, Omni's portable cellular network enables responders to communicate and act when regular cellular networks are inaccessible.

### Key Capabilities

- **Detect** the precise locations of people in danger
- **Determine** the number of threatened individuals
- **Analyse** joined mobile phone activities to identify potential households at risk
- **Broadcast** to and communicate with those in harm's way
- **Coordinate** rescue teams based on priorities and areas of identified danger
- **Map** out an optimal evacuation process
- **Gather** and analyse real-time data

## SECURE FACILITY SPECIALISTS

**Omni is a trusted provider of high-quality, secure infrastructure that enables clients to work with absolute assurance that their investment meets regulatory standards and their information is protected accordingly.**

**Omni is entrusted with the design, delivery, integration and maintenance of Physical Secure Zones and Sensitive Compartmented Information Facilities (SCIFs) for both government and non-government clients, alongside managing the certification and accreditation process.**

### Key Capabilities

Omni's highly-cleared and experienced team excels in understanding threat environments and delivering facility designs. Our design is innovative, cost-effective without compromising effectiveness, and complies with applicable building codes, laws and regulations to ensure client confidence.

Delivery and integration are completed in a high assurance environment to guard against compromise at any stage during the project, using trusted trades and minimising disruption.

# SUSTAINABILITY & COMMUNITY

## OUR COMMITMENT

At Omni, sustainability is more than just a word for us. It encapsulates our commitment to responsible progress as we grow as a company.

We are committed to ensuring that our core values of Respect, Trust, Agility and Humility guide our approach to everything we do.

We support local, national and global communities through direct support, quality partnerships and strong governance, with particular emphasis on the following areas:

### LOCAL

We dedicate resources each year to deliver practical support to organisations and initiatives that do vital work to support our local communities.

### INDIGENOUS

At Omni, we believe it is our responsibility to understand, respect, and observe the culture and heritage of Australia's first people. We are committed to promoting and supporting Indigenous cultures as a part of our operations, particularly in education, health and employment. We have also undertaken to integrate Indigenous businesses into our regular supply chains.

### VETERANS

Founded by Veterans, we honour the service that former members of the Australian Defence Force, Police Services and Intelligence Community have contributed to the development of our society. As a Veteran Employer of Choice, we are dedicated to supporting the Veteran community by direct employment and through support and partnership with Veteran support agencies and initiatives.

### ENVIRONMENT

We are committed to minimising our impact on the environment and maximising the effective use of our resources. To achieve a better future for all, Omni fosters responsible environmental behaviour across our workforce and with our partners.

# WHERE WE ARE

## OUR OFFICES

Omni's Head Office is located in Canberra, with offices in Brisbane, Perth and Adelaide. These locations include our professional services teams, assurance specialists, and project managers. Omni's national footprint allows for greater engagement with the Commonwealth, State governments, and industry partners.

### Canberra (Head Office)
