

A satellite map of Australia with a network of glowing yellow lines connecting various points across the continent and extending to the surrounding oceans, symbolizing global connectivity and infrastructure.

# SECURING TOMORROW, TODAY

## WHO WE ARE

**Omni is an Australian-owned business focused on delivering innovative defence, national security, intelligence and critical infrastructure solutions to further our national interest.**

**Our locally based, expert teams deliver cutting-edge technology and pioneering solutions in support of Australia's sovereign capability.**

## OUR HISTORY

Established in 2012, Omni is a 100% Australian veteran-owned enterprise that supports Australia's sovereign capability and the national interest.

Our team of 400+ personnel draws from a wealth of experience in intelligence, special operations, law enforcement, emergency services, engineering, and aviation. We pride ourselves on our integrity, excellence and innovation, ensuring tailored delivery to our valued clients and creating long-term partnerships in our operations.

## OUR INDUSTRIES

### DEFENCE

Omni works with the Defence industry to support the national interest. We work with our partners to deliver cost-effective and agile solutions across the land, air, maritime, space and cyber domains. Omni offers a range of professional services, including covering all aspects of Defence capability lifecycle management.

### NATIONAL SECURITY

Our mission is to support the Australian Government's national security sector with the highest quality, customised solutions in support of the national interest. Our highly qualified teams bring extensive experience in Defence, Policing and Intelligence to our client service offering. Omni is one of Australia's largest Vetting firms, operating this service nationally to Government and private sector clients.

### CRITICAL INFRASTRUCTURE

We work on sovereign critical infrastructure projects and with industry to help secure Australia's resilience and ensure critical supplies. Omni has proven experience working nationally in oil and gas, energy, aviation and other sectors in support of Australia's critical infrastructure.
