# SECURITY & TRAINING

## EXECUTIVE TRAINING FACILITY

Our business is to provide niche security, intelligence and training solutions.

We work in partnership with our clients to deliver the outcomes they need. We provide end-to-end services that informs, prepares and supports client requirements across the physical, technical, cyber and human domains.

### The Centre

Our specialist training facility is located on 40 hectares of private land between Canberra and Sydney in the Southern Highlands of NSW.

It is situated in a discreet location that is ideal for group based training and activities away from the usual urban and office distractions.

The facility can accommodate up to 24 people in modern, individual rooms with ensuites and communal dining and recreation facilities.

### Training environments

Natural and on-site built landscapes provide realistic environments to conduct both theoretical and practical activities or scenario-based training.

A mock-up market area, garage/workshop, a pub and a café offer ideal locations to conduct a variety of training or activities. There is also a touch football sized grass area to cater for clear space outdoor activities.

The property borders the Bangadilly National Park and is close to the Belanglo State Forrest that provide further training options.
